in Plane Loaned Bill Provides Eight Scout Cruisers, Six Gunboats, **Dreadnaught Changes** 

Plan Calls for Jump to Calls for Expenditure of \$111,000,000; Elevation of Guns Defeated

> WASHINGTON, May 28.—The House tonight passed a bill de-signed to bring the American Navy up to the 5-5-3 ratio fixed by the Washington Arms Conference. The

Gen. Chi Shiehmated cost of \$111,000,000. The measure was introduced by Chairman Butler of the Naval Committee at the request of the Navy Department.

GUN ELEVATION BEATEN
An unsuccessful effort was made
by Representative Britten of Illinois, ranking Republican on the
Navai Committee, to provide \$6,500,000 for the elevation of guns
of thirteen battleships. The proposal was opposed by Chairman
Butler, who declared it would
violate the arms conference. It
was rejected 74 to 54.
An amendment by Representative Montague, Democrat, Virginia,
to authorize the President to suspend the building program should
another naval limitations conference be held, was accepted.
A motion by Representative McClintic, Democrat, Oklahema, to
eliminate the section authorizing
the cruiser and gunboat program
was lost 174 to 144. The House
also refused to accept a proposal by
Representative McKcown, Democrat, Oklahema, to strike out an
authorization of six gunboats,
which would be used in Chinese
rivers.

WASHINGTON, May 28.—Official word of Japan's

rotest against exclusion legislation was still lacking tonight in Washington. It was said at the Embassy that the communication had not been received from Tokio and lacking knowledge of the basis of the Japanese objections, neither Embassy nor State Department officials would discuss the matter in any way.

Son COAST?

a communication is certain to receive most careful attention here as administration officials were careful throughout the Congressional debate that ied up to the passage of the immigration bill with an exclusion clause to keep Congress fully advised as to obligations resting upon the country which should be considered in dealing with the exclusion question.

dealing with the exclusion question.

It is the business of the executive branch of the gover-ment to see that every expressed or implied international engagement is fully understood by Congressional committees. In view of that it may be significant that no question of treaty violation was raised by the administration in opposing the exclusion clause. The position taken by President Coolidge and his advisers throughout was that the legislative method of dealing with Japanese immigration was unnecessary and inexpedient; that it was likely to create resemment in Japan without any compensating advantage to be gained in this country.

ILLOCAL CORRESPONDENCE!

SANTA ANA, May 27.—Grading of the coast highway from Balboa Palisades to Laguna Beach, construction of twenty-six miles of that highway across the Rindge ranch near Santa Monica and elimination of dangerous turns and a hazardous railroad crossing on the State Highway to San Diego at Carlsbad are projects the State Highway Commission expects to complete in Southern California in the near future, N. T. Edwards, a member of that body, declared here today.

Edwards was here with State and the same as prior to the first outself of the epidemic here. Supervisor Ira Williams, was asked when the road guards preventing ingress and egress to and from the mountain districts would be removed from their posts, allowing tourists, campers and summer residents of the mountain areas to penetrate into the hills. Supervisor Williams would make no definite statement as to when the guard would be removed. He committed himself so far, however, as to express a belief that the guards would be removed "shortly after" the quarantine was lifted in this county.

in case of apprehension is the pres-ent belief of the police. Sufficient time has elapsed, they point out, for his arrival on the coast. GRAY GHOST HOVERS

WASHINGTON, May 28.—Official word of Japan's

Tokio advices have indicated that As administration officials were careful throughout the Congressional debate that ied up to the passage of the immigration bill with an exclusion clause to keep Congress fully advised as to obli-

dealing with the exclusion question.

It is the business of the executive branch of the government to see that every expressed or implied international engagement is fully understood by Congressional committees. In view of that it may be significant that no question of treaty violation was raised by the administration in opposing the exclusion clause. The position taken by President Coolidge and his advisers throughout was that the legislative method of dealing with Japanese inmigration was unnecessary and inexpedient; that it was likely to create resentment in Japan without any compensating advantage to be gained in this

MAINTAIN SILENCE

lead to misinterpretations and misunderstandings.

In the same way all officials,
both at the White House and State
Department, are silent regarding
reports that Japanese Ambassador
Hanihara, a leading figure in the
discussions, soon is to be transferred to another post. The Japanese Embassy naturally declines
to discuss these reports, but there
is no disposition to question the
clear implications from Tokio that
a change of Ambassadors is in
prospect.

American immigration law, which applies to Japanese, did not represent the true spirit of the American immigration law, which applies to Japanese, did not represent the true spirit of the American immigration law, which the Benate measure could be preased to immediate enactment. After an hour in executive seasion the committee postponed further consideration of the matter until Monday, Meanrime advocates of the pay increase are expected to canvase the situation confronting the legislation and will leave no stone unturned to briss about its passage before the adjournment of the session.

The preliminary meeting the friendly relations between the two countries. 

ATTACKS CONGRESS

The resolutions read:

"Whereas, the United States has enacted a general immigration bill learly meant to discriminate against the Japanese;

"Whereas, the President of the United States in signing that immigration bill signified in plain words that he strongly discrepance of their connection the Franks case was secured Cyanide Blast Burns Two at Cudahy Plain Cyanide Blast Burns Two at Cyanide Blast Burns Two at Cyanide Blast Burns Two at Cyanide Blast Burns Cyanide Blast Burns Cyanide Blast Burns Cyanide Blast B

before the adjournment of the session.

The preliminary meeting of the committee today developed the fact that many of the members favored a substitution of the provisions of the House bill for those contained in the measure as it passed the Senate. The Senate bill, it will be recalled, failed to carry authoriztion for the payment of \$100 to village posimasters, \$2.8 to postoffice chauffeurs and \$50 to postoffice laborers, as well as to make provisions for the installation of a night differential rate, which would authorize an hour's pay for fifty minutes' work.

## HOUSE ALASKAN FISH

out a record vote, the Senate to-day passed the House bill giving the Secretary of Commerce authority, to establish closed areas in Alaskan fishing waters and to enforce other measures designed to conserve the industry. The only change made in the Senate was to eliminate the section which would have prohibited the use of traps and purse seines.

HIT BY DECISION

El Centro Judge Holds for "Cropping Contracts"

Case Now is Expected to Go

contracts" and affects

Judge Conkilg entered the decision in a habeas corpus proceeding brought by K. Nogl, a Japanese, to obtain his release from istion a charge of violation of the allen laws and in an exparte hearing on the injunction action to prevent Hakam Singh, a Rindu, from entering into such a contract with George A. Carter.

The application of Nogl was presented to the court by a corps of attorneys including Ross T. Hick-rox, Don C. Bitler and Harry W. Horton. Dep. Atty.-Gen. English of San Francisco and Dist.-Atty. Utley of Imperial county, represented to the entire Western Hemitely of Imperial county, represented. REASONS CITED

cox, Don C. Bitler and Harry W. Horton. Dep. Atty.-Gen. English of San Francisco and Dist.-Atty. Ut ley of Imperial county, represented the State.

Judge Conkling declared that the Allen Land Act does not prevent the formation of "cropping contracts" under which an alien worker is paid with a percentage of the crop for working a farm. Under such a contract, he says, the alien does not acquire an interest in the soil and the relationship between him and the owner is that of employer and employee, not that of employer and employee, not that of owner and tenant. The attempted amendment making the "cropping contracts" lilegal is unconstitutional and void, according to his findings.

DECISION NOT TO

PREVENT TRIAL HERE

Decision of Superior Judge Conkling yesterday at El Centro sustaining the legality of employment of Japanese and other ineligible aliens under the "cropping" plan will not delay trial of a case involving similar points set for June 4 in Superior Judge Clock's court here. This announcement was made yesterday by Dep. Dist.-Atty. Becker, who with representatives of the State Attorney-General's design the red that the sun has gone the state Attorney-General's design to the fact that the sun has gone the state Attorney-General's design to the fact that the sun has gone the state Attorney-General's design to the state of the state attorney design to the st

ALIEN LAND ACT HADLEY MAY BE NOMINATOR ARNOLD IN Missouri Ex-Governor to Place Coolidge Name Before Convention if University Duty Allows

> (EXCLUSIVE DISPATCH) WASHINGTON, May 28.—Herbert S. Hadley of St. Louis, the first Republican Governor of Missouri, may place the name of President Coolidge before the Cleveland national convention.

Coolidge before the Cleveland national convention.

While a final decision may not be reached for a day or two, the indications today are that Mr. Hadley to be present at the convention. The inquiries distribution of 1912, will see his way clear to make the nominating speech will be made June 12 and that the milestion of 1912, will see his way clear to make the nominating speech, notwithstanding that it must be made on the same day. It was feared that Mr. Hadley to make the nominating speech, notwithstanding that it must be made on the same day. It was feared that Mr. Hadley to make the nominating speech, notwithstanding that it must be made on the same day. It was feared that Mr. Hadley to make the nominating speech, notwithstanding that it must be made on the same day. It was feared that Mr. Hadley to make the address of this administration of the universal of the Alien Land Act. The decision permits allens to hold "cropping contracts" and affects

decision permits allens to hold "cropping contracts" and affects about 1000 Japanese and Hindu farmers and approximately 50,000 acres of vegetable land in the Imperial Valley.

The decision holds the amendaments added to the act by the 1923 Legislature to be unconstitutional on the grounds that the act was an initiative measure and can not be amended in any material particular by the Legislature.

Under the decisions, aliens insligible to citizenship may be employed on farm lands under a bonus wage system or the "cropping contract" plan. The "cropping contract" of the bast have been declared by representatives of the Attorney General's office often to have been subterfuges intended to defeat the law against the holding of an interest in land by an al'en.

## FOSDICK TOLD

Them or Quit Pulpit

Fundamentalists Defeated in Passes Drastic Resolutions on Action Taken as Point for Assembly Ballot

Gathering for Ohio

GRAND RAPIDS (Mich.) May 28.—If Dr. Harry Emerson Fosleather lined
E n g l i s h
frames, well
designed, reinforced corners. Three
roomy pockets
inside. Splen-CENTER OF FIGHT

The fight over the Fosdick case which has been an outstanding issue of the church since last year's assembly admonished the New York Presbytery to make the preaching in the First Church conform to the contession of faith, did not come on the adoption of the commission's report. It centered instead upon an attempt by the fundamentalists to throw the case upon the floor of the assembly.

Dr. Mark Matthews of Scattle, Wash., pastor of the largest Presbyterian Church in the world, precipitated the floor debate by moving that the assembly resolve itself into a supreme court and review the entire case.

Dr. Matthews acted as a spokesman for the ultra-fundamentalists forces. of which Moderator Clarence E. MacArtney, D.D., Philadelphia, and William J. Bryan, are the leaders. The decision, he said, did not go far enough. He wanted it revised to require the immediate suspension of Dr. Fosdick from the pulpit until he has met the requirements imposed by the church upon its ministers.

BAER OPPOSES IT

BAER OPPOSES IT Reveraj of the prominent members of the assembly immediately came to the defense of the commission's report and spoke in opposition to a review.

John Willis Baer, Los Angeles banker, and the only elder ever to be elected moderator, opposed review, decrying the attendant publicity.

review, decrying the attendant publicity.

When the vote was taken the number favoring review was 311, while those opposing such action mustered 504 votes.

It was an acknowledged blow to the fundamentalists, the first suffered by them on a major matter since the assembly convened a week ago.

Another defeat for the fundamentalists came when the assembly voted unanimously against the Philadelphia overture which would have required realimation of faith

have required reaffirmation of faith in the standards of the church by seminary teachers and officials of other agencies of the church.

Columbus, O. was chosen as the place for holding next year's general assembly just before adjournment late today.

Damages Won for Trucks Burne at Huntington Beach

Details of a spectacular oil fire n Huntington Beach last year were recalled yesterday in Judge Burnell's court where the Phoenix Assurance Company, Ltd., and Shaffer & Best won a verdict of \$9022 against the Texas Holding Com-

pany.

The sult was based on the ground that three automobile trucks belonging to the plaintiffs were damaged when burning oil was hurled into a street and set fire to the machines. The blast was said to have occurred February 24, 1923.

The defendant contended it was not liable for damages and asserted that, if the trucks were damaged, it was due to the negligence of the drivers employed by the plaintiffs.

Principles Delayed

Sent from Japan

SPRINGFIELD (Mass.) May 28.

The Methodist Episcopal general conference tonight adopted a sweeping resolution denouncing modern tendencies toward demoralizing practices and urging Methodist to combat the evils of the present day.

The resolution declares: "The Methodist Episcopal Church here by records itself as irrevocably opposed to all those evils which tend to break down the spiritual life of our people, such as various forms of gambling in social life, the evils of the race track, the poolroom, the modern dance, improper, such as control of the spiritual life of the race track, the poolroom, the modern dance, improper, such as control of the spiritual life of the race track, the poolroom, the modern dance, improper, such as control of the spiritual life of the race track, the poolroom, the modern dance, improper, such as control of the spiritual life of the race track, the poolroom, the modern dance, improper, such as control of the spiritual life of the race track, the poolroom, the modern dance, improper, such as control of the spiritual life of the race track, the poolroom, the modern dance, improper, such as control of the spiritual life of the race track, the poolroom, the modern dance improper, such as control of the spiritual life of the race track, the poolroom, the modern dance improper, such as control of the spiritual life of the race track, the poolroom, the modern dance in the spiritual life of the spiritual life of the race track, the poolroom, the modern dance in the spiritual life of the spirit

declaration does not go far enough and is weak in expression. Doctrinal content of the declaration objected to as weak is expressed in the following language:

"The Baptists with all the evangelical Christian rejoice in the common basic reliefs, the incarnation of the Bon of God, His sin-less life, His supernatural works; His diety; His vicerious atonement; His resurrection from the dead; His present reign, and His coming kingdom, with its eternal awards to the rightsous and the unrighteous."

The convention declared for the

to the righteous and the unrighteous."

The convention declared for the sending of copies of the address of Corwin S. Hank, Seattle, president of the convention, to Congress and to the Japanese government, because of the nature of its contents on the Japanese exclusion act.

Charles B. Tenney, Tokio, secretary of the Baptist Japanese Commission formed for relief following the September carthquake, brought a message of gratitude from the people of Japan for the work done by Baptists in relieving suffering. He urged further cooperation of the American people in reconstructing Baptist endeavor in that country.

T. Sakata, principal of the Mable Memorial School in Yokohama and a former military personage of Japan, also expressed gratitude.

Right and Wrong, As Pipal Sees It

#### PIPAL DEFINES DIVING

Occidental Mentor Gives Interesting Discussion on Legal High Jumping; Osborne May Be Disqualified

california.

The suggestion is particularly apropos at this time in view of the breaking of the world's high-jumping record by Harold Osborne of the University of Illinois, who cleared 6ft. 8½ in. on Tuesday, Osborne uses a variety of what is known as the "Horine form" in clearing this appalling height.

This form has been assailed as illegal on several occasions and its inventor, George Horine of Stanford, was ruled out of Olympic competition in 1912, being forced to revert to the old scissors form to compete. Eddle Beason, previous holder of the world's record, and Dink Templeton of Stanford, were both barred from competition for using this form and the French authorities have already threatened to bar Osborne if he uses it.

VERY VAGUE

Pipal points out that the present regulations covering high jumping are so vague as to be open to almost any interpretation. They simpy prohibit "diving," it being a well-known fact that an accomplished symnast can do a running high dive over a bar, which he couldn't possibly clear in an ordinary jump. The trouble comes over the exact definition of a dive.

10 to 7; Myers Knocked Off Mound

HOLLYWOOD BOUTS TONIGHT Card Moved Up One Night Because of Decoration

Day; Corbett and Soules, Semifinal Johnny Adams in a rematch at the Hollywood American Legion Stadlum, the newsboys of this city are going to be one disappointed lot. Two

weeks ago Mushy, not so long graduated from the ranks of the news-boys to the select circle of feature four-round performers, dropped a close decision to Adams in one of the elimination bouts of the light weight tournament now under way at the Legion arena. The decision was a tough one for the judges and referee to call BIG BOYS WILL in fact, one judge gave it to Cal-

The decision was a tough one for the judges and referee to call lahan, the other to Adams, and it was up to Referee Jack Kennedy to cast the deciding vote. The rules governing tournament matches put the Ribosh on draws, so there was no other course for Kennedy than to give one of them the shade, where a 50-50 call would have been a popular one. If there was a shade, however, there is no doubt but what it was in Adams's favor.

Tonight's mill will serve to settle the old score. The judges will be hampered with no rules or regulations regarding the rendering of the verdict and it will fall within their province to call it win or lose for either boxer, with the possibility of a draw. The bout has no bearing on the tournament, in that Callaham's defeat in their first meeting put him out of the competition for the belt significant of the Coast title, offered to the winner by Hollywood Posf No. 43. #### HE'S AFTER REVENGE

Mushy Callahan, former Hollywood newsie, plans to get even with Johnny Adams in the main event at the American Legion Hollywood arena tonight and throw in a little bit more for good measure. Adams shaded Callahan last time out and the latter hasn't quite recovered from the shock as yet.

In the light of the recent Olympic tryouts, first place in the L.C.A.A.A. meet lies be-tween Stanford and the Uni-versity of Southern California, with everything depending up-on the meeting of four men, Hugo Leistner of Stanford and Leighton Dye of U.S.C. in the hurdles and Clean Martinett hurdles and Glenn Hartranft of Stanford and Bud Houser of U.S.C. in the weights. If the athletes run true to form shown thus far during the season Stanford will win, but if Dye and Houser continue to shoot ahead as they have in the past few weeks the Trojans have a chance. It's only a chance, but

(Continued from First Page)

East, while Southern California's two representatives in the pentathlon, Cliff Argue of Occidental and Morton Rear of U.S.C. are scheduled to leave Tuesday.

Yesterday afternoon a whole flock of potential Olympic chapus were out leaping around the Coliscum under the watchful eye of Eugene Nixon who will chaperon the athletas on their trip.

Argue, whose infected heel has kept him from doing anything very violent, is improving rapidly, and expects to be in a suit by the end of the week. Charlie Paddock's bum leg didn't seem to bother him much in his work yesterday, which consisted of a lot of a lot of starting practice, and a dash of a couple of hundred yards.

Bob. Weaver passed around few weeks the Trojans have a chance. Lt's only a chance, but it's a chance, but it's a chance but it's a chance but it's a chance put the shot 49ft. 3½in. at the Coliseum hat Saturday very few people thought he had the alightest chance with Hartranft, but Bud's continued improvement, together with the habit Hartranft seems to have contracted of salipping a little toward the fag end of the season, makes it took as though the husky Trojan had a good chance to slip something over. The fact remains, however, that Hartranft has put the shot over 49ft. consistently for iwo years, while Bud has done it only once, so Hartranft is a logical favorite.

Leistner of Stanford is likewise a logical winner over Dye in both hurdle events, particularly the low hurdles, and this despite the fact that Dye has run the high hurdles faster than Leistner has. Dye tied with Daggs in the A.A.U. meet in 15 flat, and with Maxwell in the Olympics at 18.3, while diestner's best time is 18.2, but the Stanford athlete is a competitive runner of long experience and has a slight edge. A few upsets by Dye and Houser might very easily spill enough points to take the meet from the Cardinals.

Incidentally, Stanford is

Incidentally, Stanford is sending up to the Pacific Coast ence meet in the Northwest a "second team" of track athletes that is very likely to capture the event despite the fact that the cream of the Cardinal talent has gone east for the I.C.A.A.A.A. meet, The crowd of athletes which will compete in the Coast event would be a very respectable

would be a very respectable track team for pretty nearly any school.

Gaspar in the sprints is good for about 10.1 and 22.2. Storie in the 440 ran under 50s. ten weeks ago. Swayne in the half runs about 1.59. Charles in the mile does better than 4.30, and Murphy ambies the two-mile in about 10m. Boles runs the hurdles in about 15.4 and 25.4. Richards puts the shot 43ft. and throws the discus about 130 and Campbell does the same. They have a 6ft. high jumper in Kenmitzer and a 22ft. broad jumper as well as a 12ft. pole vaulter. Not bad for "leavin'a."

When Carpentler and Gibbons mingle in the ring Saturday there'll be one very interested party not present, but buying up all the available papers to find out what happened. Same will be J. Kearns, manager for J. Dempsey, proprietor of the world's heavyweight championship. Kearns will be wishing for just one thing—a decisive win for Tommy Gibbons, preferably by a knockout.

The bashfulness of Mr. Firpo and the apparent impossibility of finding a ring where Harry

ably by a knockout

The bashfulness of Mr. Firpo
and the apparent impossibility
of finding a ring where Harry
Wills can box have conspired
to make Bro. Kearns wonder
where that next million is
coming from. Isn't that a terrible state of affairs? After
all the excitement and uproar
about one fighter and another
it begins to look as though
Dempsey would have to fight
Gibbons again, and if he
doesn't fight Gibbons he won't
be able to find anybedy to
fight. Hence the hope that
Tommy will win decisively—
it will look more as though he
had a chance.

So Beet Coltma finally did
it, For a while it looked as
though Billy Wells could continue licking Coltma every
Tuesday night intil they both

#### Club, Tuckahoe, N. Y., who has been knocking at the portals of links fame for several years, showed his heels today to the pick of eastern stars in the eastern qualifying test for the national open golf championship. As the

But that Billy Wells-Joe Benjamin fracas scheduled for next Tuesday night as the sent-wind-up to Jack Dempsey's appearance at the Philanthropy and Civics Club light program looks like a battle of the century. These two are scrappers of genuine ability and about the same weight. Wells will have a slight advantage in weight advantage in experience.

Benjamin is a sure-free drawing card at Vernon. Most of the crowd comes out to see him licked, but they pay their money just the same. Wad Wadhams swears that the arena will be sold out far in advance. There will be half a dozen battles worth the trip.

#### SERAPHS STUNG BY BEES AGAIN

(Continued from First Page)
Lindimore has connected for significant to the galleries that through the state of the state o

be the champion middleweight of the world, but he's a mighty good middleweight just the same, and all he needed was a little good advice and a little confidence to put him across

of eastern stars in the eastern qualifying test for the mational open golf championship. As the completion of two days' struggles through gales, bunkers and showers, Farrell had a brilliant thirty-six-hole score of 144, three strokes better than his nearest rival, Freddie McLeod of Washington, D. C., who had set the pace for the field yesterday with a stroke advantage over the Quaker Ridge youngster.

From the original field of 160 starters forty-two gained the coveted qualifying places and will carry the East's colors in the final seventy-two-hole championship contest Thursday and Friday of next week at the Oakland Hills Club, Birmingham, Mich. Cards of 158 or better were necessary to break into the qualifying circle, limited to the first forty-one and last place ties. Eight were tied at the highest figure, two of whom, Jim Hendry of Manchester, N. H., and Thomas Fahlo, Peekskill (N. Y.) taxi driver, were among the last to finish. They spoiled the lingering qualifying hopes of a half-dozen or so at 159, including such well-known performers as Dan Williams of Westfield, N. J.: Tom Boyd of New York, and Alex Smith of Groton, Conn., twice holder of the open championship. The only other mild upsets in the field were the failure' of Marty O'Laughlin of Plainfield, N. J., former Metropolitan and New Jersey open champion, and George McLean of New York, and Alex Smith of Gwashington, D. C., and Jesse Guilford of Boston, former Metropolitan and New Jersey open champion, and George McLean of New York, both of whom were beyond 160.

Bunched in a tie for third place at 148 behind McLeed were W. H. Cox. Brooklyn public links start. Leo Diegel of Washington, D. C., and Jesse Guilford of Boston, former amateur champion, who was the only one of a half-dozen 'simon pure' entries to qualify. The Metropolitan of Boston, former anateur champion, who was the only one of a half-dozen while Sarazen, attracted the chief attention of the galleries that thronged the Worcester club course but their showings were something of a disappoin

One Minute, Sir

and the beard is softened

Let us send you-freea real Shaving Cream delight

By V. K. CASSADY, Chief Chemist

You are hurried when you shave. You want quick-acting lather. And that is one of the five new factors that we bring you. Note the new delights, the new results we list below. If they appeal to you, let us show you how to get them.

Our crowning creation

We consider Palmolive Shaving Cream as our supreme creation. And we've done many things in scap.

For sixty years this laboratory has been devoted to scap study. Some of the greatest scaps for every purpose have been our creations. One of them—Palmolive Scap—is the leading toilet scap of the world.

We brought to bear on this new problem all of our skill and experience. Pirst, we consulted 1000 men, to learn what men most wanted. Then we worked 18 months to meet those ideals as no one else had done.

We advanced step by step—made up and tested 130 separate formulas—before we attained what we offer you today.

Never such shaving cream

The result has brought to millions surprises and delights. The demand developed in three years is one of the great business sensations.

We went to men who were wedded to other shaving cresms. We offered them a ten-shave test. They quit their old-time methods and told others. The seult is that morning shaving is far different from what it was.

These are not vital things. They are mere satisfactions. But we ask you to learn what they mean to you.

If you have made anything of equal value to us, we will gladly test it. Do the same with us. Clip coupon now, so you don't forget.

EXCELS IN THESE FIVE WAYS

Palmolive Shaving Cream excels all others in these five important ways:

1—Abundant lather. It multiplies the face. No replacing.

4—A clean shave. The extra strong bubbles, acting like wedges, hold the hair erect for cutting. They don't lie wenges.

To add the final touch to shaving luxury, we have created Palmolive After Shaving Talc—especially for men. Doesn't show. Leaves the skin smooth and fresh, and gives that well-groomed look. Try the sample we are sending free with the

There are new delights here for every man who shaves. Please let us prove them to you. Clip coupon now. THE PALMOLIVE COMPANY (Del. Corp.), 360 N. Michigan Ave., Chie

#### SPENCER NAMED BY ADVERTISERS

Seattle Man Now Head of Coast Association

**Annual Convention Comes to** Close at Fresno

Washington City Chosen for Session Next Year

FRESNO, May 23.—Lloyd Spencer, past president of the Seattle Advertising Club, was unanimously elected president of the Pacific Coast Advertising Clubs Association to succeed on Francisco of Los Angeles at the closing session of the association's twenty-first annual convention here today.

NAME WITHDRAWN After it became apparent that the insurgent attempt could not succeed. Durse withdrew the nomination of Dans and the unanimous election of Spencer followed. The break came when Paul D. Shaw, president of the Portland Advertising Club, of which Dans is a member, on obtaining the floor, stated that the move to place Dana in nomination was a last-minute one and threatened to cause dissention for which reason the Portland delegation, acting as it believed Dana would wish, would vote for Spencer.

termoon in Roeding Park, departed last night for Portland.

MEMBERSHIP GAINS

The election of effects was preceded by reports of committees and of C. M. C. Raymon, executive secretary-treasurer. Raymon, in his report, stated that there had been a net gain in the membership of the association in the last year of \$48 and that the present membership of the association embracing seventeen clubs is \$450.

The convention adopted an amendment to the by-laws of the organization, abolishing the election of a national vice-president. The president was requested to set in motion machinery for upholding the provisions of the "treaty of unity," under which the various cities of the association work without factional feeling.

Chapter XLII DEATH IN THE MORNING The strange duel between Ah-med and Felice was conducted on the same lines of quiet hostility which had marked the arrange-

The strange duel between Anmed and Felice was conducted on the same lines of quiet hostility which had marked the arrangements.

Ahmed called round for Felice at the Crilion and they met Mordac by appointment on the corner of the Rue Royale. Felice insisted that he should ride with Ahmed, but Ahmed insisted more strongly that Mordac make the journey with Felice.

"It trust, monsieur," he said, "that I shall have the pleasure of driving Monsieur is Comte back to Paris and his breakfast."

At which Felice laughed.

Bo they went out together, Ahmed in front, alone, and Felice humming along behind him.

To Ahmed there was a sensation of absolute unreality about the ride along the wonderful straight road which leads to the Porte Maillot and the Bois de Boulogne. He was, of course, going to beat Felice at the dice game. He had right on his side.

They swung off to their left at Luna Park, and at last reached that section of road which was nearest to the glade they had selected. They left the cars at the roadside. They left the cars at the roadside. They left the cars at the roadside chese board, a bottle of champagne, three glasses and a little bottle, which Ahmed knew must contain the veronal.

"There," he said, "all the properties are here, and the play can start. Mordac—as what I might term the neutral power in this little bottle, which Ahmed knew must contain the veronal.

"There," he said, "all the properties are here, and the play can start. Mordac—as what I might term the neutral power in this little argument—may I ask you to open the wine?"

"Cartainly." Mordac opened the bottle and poured the sparkling liquid into the glasses. He handed in the Ahmed.

"Will you Cavor me?" he asked. Each had his glass, and it was Felice who proposed the toast.

"Each of us carries in his heart the memory of some woman who is, to him, the most wonderful in the word. Genlemen: to the woman we love!"

They drank, and while Mordac and Felice set their glasses down solerly Ahmed cast his from him so that it fall beyond the bushes

En los círculos oficisles japoneses se insiste en que no se ha recibido de Tokio ninguna indicación de que dimita su puesto el embajador Hanihara. No se negaba, sin embargo, que el embajador podría regresar pronto al Japón, y se decia además que varias veces, antes de que el Presidente Coolidge firmara la ley de inmigración, se indicó que era probable fuera el embajador a pasar los meses de verano a su país, a fin de consultar con su gobierno.

Ofensiva coutra Villa Hermosa.

CIUDAD DE MEJICO, Mayo 28.
Ha comenzado la ofensiva contra Villa Hermosa, capital del Estado de Tabasco, y uno de los baluartes de los rebides, según telegramas recibidos en los círculos oficiales. Dos mil hombres de caballeria, al mando del General Horaclo Lucero, esta aiacando la cludad por el sur, de concierto con tres columnas de infantería mandadas por el gur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de la fante mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de la fante mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas de infantería mandadas por el sur, de concierto con tres columnas

Twenty-three Years of Successful, Subdivisions

Lears of Responsibility behind each sale

Bearing out our prediction, made six months ago, that real estate activity for 1924, as it affected the more desirable residence districts, would be record-breaking, Westwood, during the first five months of 1924, has made the greatest sales record ever experienced in the history of the Janss Investment Company. For the first quarter of 1924 our sales were DOUBLE the same period of a year ago.

92,012 Acres of Profit-Making Developments is Our Record!

For twenty-three consecutive years the Janss Investment Company has been in the business of subdividing real estate, and has in that time subdivided more acreage than any other similar organization in the West.

Every Offering a Success!

When we first started in business Los Angeles had a population of approximately 100,000. Today we have a million. The future will bring other millions. We believe that the real estate investor of today who purchases in a new, growing,

desirable district at a reasonable price has even greater opportunity for profit than the real estate buyer of twentythree years ago. Building permits for 1923 reached the enormous total of \$200,000,000. But figures at hand indicate that 1924 will exceed 1923 by approximately

Reports reaching us from the Auto Club, Chamber of Commerce, and the Railways, as well as the press, indicate that the inrush of newcomers and tourists this year will be the greatest in the history of Southern California.

Janss Investment Co.

FLOOR METROPOLITAN BLDG PIPTH AND

SPEAKER URGES **COLLEGE COURSE** 

Asks Pharmacists to Aid in Raising Standard

Advocates Passage of Bill Vetoed by Governor

State Druggists Banquet at Hotel Maryland

By a "Times" Staff Correspondent PASADENA, May 28.—Support of the proposed legislation requir-ing a course in pharmacy in a recing a course in pharmacy in a recognized college of pharmacy as a prerequisite to a license to practice the profession in the State of California, was asked by George H. Frates of San Francisco, president of the American Registered Pharmacists Association, who was the principal speaker at today's session of the State druggists's convention in the Hotel Maryland.

This measure was vetoed by Gov. Richardson last year, it was stated, but will again be brought up to the Legislature. Pharmaceutical courses are absolutely essential, the speaker asserted, if the profession is to be brought to its highest degree of efficiency in serving the physician and the public. Such hill as Mr. Frates advocates was passed by both houses of the State Legislature only to be vetoed by the Governor.

"Gur organization has worked

Governor.
"Our organization has worked elevate the profession. We beve that such a bill, if it were acted into a law would be welmed by the majority of drug-med by the majority of drug-med solution feels that the best incest of our profession would be ved if we joined with the other ates which have adopted this ilprocity.

States which have adopted this reciprocity."
Following Mr. Frates's address George Moore of Berkeley offered a motion to the effect that the bill be presented to the resolutions committee for recommendation.
Other speakers of the day included Lucien N, Brunswig of the College of Pharmacy, University of Southern California; Charles Swigert of Los Angeles, president of the California State Board of Pharmacy, and F. E. Mortenson of Denver, Colo., president of the National Board of Pharmacy.
In his address Mr. Swigert outlined the need of better service to the physician. "We must bring the profession back to a high standing," he said. "There are many people who believe that drug stores are more restaurants and ice cream pariors than anything else, Many

proper who believe that drug stores are more restaurants and lee cream pariors than anything else. Many physicians find it difficult to have their prescriptions filled in some drug stores where there is not sufficient stock to fill the orders. It behoves every pharmacist to see that the physician is served.

"Ideals for Boards of Pharmacy," was the subject discussed by Mr. Mortenson. He urged the approval of the reciprocity and also approved the plan which will admit a pharmacist to practice in this filled upon presentation of credentials from another State without taking a State board examination.

A banquet was held in the Hole Maryland this evening at which most of the delegates were present. James W. Foley of Pasadena entertained the gathering with his finotrolous bits of humor."

ARNOLD IS ELECTED BY ONTARIO BANK

adjutant of the American Legion, and his committee.

In the big parade men from the Pacific Battle Fleet and Fort Mac-Arthur in Los Angeles Harbor will occupy prominent places and the parade will be reviewed as it passes Lincoln Park by Mayor Buffum, officers of the fleet and fort and members of the City Council. Every military, patriotic and civic unit in Long Beach will participate. ONTARIO, May 28 .- Reorgan ization of the directorate of the First National Bank of Ontario, necessitated by the recent suicide of H. E. Swan, its president, resulted in the election of Oscar Arnoid, it was announced today. Mr. Arnoid was formerly vice-president of the First National and is also president of the Euclid Savings Bank. Harvey O. Chapman was elected vice-president of the First National and Charles Latimer was named director to fill the vacancy on the board caused by the death of Mr. Swan. Reorganization of the First National resulted in changes at the Euclid bank also. Mr. Chapman, while still remaining a director of the latter institution, has resigned as its cashier and as vice-president of the First National will have active charges of its direction. Mr. Arnoid will continue to make the Euclid bank his head-quarters. Ralph F. Ware, assistant cashier at the Euclid Savings Bank, was made cashier. CASE ENDS QUICKLY POMONA, May 28.—The notorious kidnaping case which involved the asserted abduction of W. D. Askew of Pomoha to a lonely cabin in San Antonio Canyon ended suddenly today when R. E. Scott and A. L. Bloomfield, who were accused of taking Askew to the cabin, pleaded guilty to a misdemeanor charge of assault and were fined 2200 each and given suspended sentences of six months in the County Jail. The felony charge against all four defendants including T. H. Scott and C. J. Scott was dismissed.

COMMUNITY PROBLEMS

Police Judge Crawford's special reduced summer rates for specders were temporarily auspended yesterday while he sentenced Joe LaBara of 623 North Hill street to jail for five days. LaBara was charged with making forty miles an hour in a twenty-mile zone. Others of 100 violators arraigned were fined at the regular scheduled of \$1 a mile for each excessive mile.

In the county speeders court. Landel, where Bruil Attaches of the prosecutor's office were greatly surprised at the

secretary of the company and had no knowledge of the stock that was sold.

In their investigation, officials of the District-Attorney's office said, they would determine whether the woman by her statement had made herself liable to prosecution as a third defendant. Already they had learned, they said, that she was suing for divorce in the Superior Court here. If they decide the investigation should be thorough, the prosecutors added, they would delve into any possible connections between Brubaker or Gaines and Mrs. Minacke.

Late today, largely through the efforts of Mrs. Minacke, it was understood, ball was posted for the two defendants.

The present charge is the second of a similar nature to be brought against Gaines recently. The first, which was also connected with Signal Hill properties, was dismissed at his preliminary hearing. city zoning law and opponents of the issue will reach a climax with-in the next few days, it is pre-dicted when the time limit for ob-taining signatures for the referen-dum petition expires. Seven hun-dred names have already have a dum petition expires. Seven hundred names have already been affixed to the request for a vote on the measure and opponents of the zoning ordinance circulating their petition are using every means of advertising and propaganda to win their fight for a city vote. Sponsors of the ordinance have another petition in circulation on which 400 names have been written asking that the zoning law be given a trial. Both sides maintain headquarters, have formed committees and are carrying the issue into civic organizations and club circles.

Sunday near Winnemucca, Nev., when he fell from one ledge to another in the mountains, near there, in an endeavor to avoid being struck by a failing rock and then fell thirty feet to another ledge and struck on his head, according to word received here to then fell thirty feet to another ledge and struck on his head, according to word received here to-day. Companions picked him up and sped to Winnemucca but he died en route. The accident occurred while he and two other men were creeping along a ledge upon a cliff in the mountains at Horse Creek Canyon, according to sword received by relatives here. Pershon was a member of a party of picnickers. The tragedy occurred while he was paying a visit to his brother, Roy, a resident of Winnemucca, Nev. Calre Cal Max Colvedi Max Colvedi Le S. Anderson J. H. McClistock G. F. Ellinghouse

CHANGE HER NAME it is expected that the name of South Pasadena can be changed to San Pasqual without such an outburst of oratory as attended the proposal to alter the cognomen of the Apple Blossom State. City Attorney Robinson was directed by the Board of Trustees last night to prepare a petition for the signature of citizons as to whether they favor retaining South Pasadena as the name of the municipality or desire that the community be known henceforth as San Pasqual. It was pointed out at the meeting of the Trustees that the individuality of the city has no expression in its present name. The city has grown beyond the point of being an appendage, it is said, for the city of Pasadena.

Business Conditions Viewed

the trend of the general level of commodity prices has been distinctly downward. Such a trend is commonly characterized by narrowing profit margins, smaller trade volume, and reduced demand for labor, with a consequent decline in wage levels. The peculiarity of the situation during the last year lies largely in the relation between the movements of different groups of commodity prices, which has been such as to prevent a general drastic reduction of profit margins. While wage levels, representing one important group of costs, have been high, the prices of raw materials and other producers goods, representing another group of costs, have declined with relative rapidity.

of costs, have declined with relative rapidity.

"Moreover, it must be remembered that wages, which are a part of production costs on the one hand, represent consumers' purchassing power on the other, so that high wage levels, while tending to restrict profits, at the same time operate to stimulate consumers' demand to sustain a large volume of trade. It appears that this tendency has made itself felt during the last year. The record of sales at retail, the amount of railroad freight traffic, and the general firmiess of retail commodity prices lend support to this conclusion.

WAGES REMAIN HIGH

WAGES REMAIN HIGH "The real wages of industria in terms of what they will buy of the commodities which commonly enter into living expenses—are at the present time higher than they have ever been before, ex-cept possibly for one or two months in the spring of last year. "Although it is the practice in some establishments to regulate wages in accordance with fluctua-tions in living costs, the general movement of wage, scales is govtions in living coses, the movement of wage scales is governed by other factors. The demand for labor is determined by the can be realized

erned by other lattors. The de-mand for labor is determined by the profits which can be realized through its employment. These profits depend on the margin be-tween costs and selling prices, and on the volume of trade. Ex-cept in a very long-term view, therefore, the explanation of the course of wages is to be found in the movements of commodity prices as factors is business prof-its, rather than as items in the cost of living.

"It is apparent that the pres-ent conflicting tendencies can not go on indefinitely. With commod-ity prices declining and wage lev-els rising, the cost of labor is be-coming an increasingly important els rising, the cost of labor is becoming an increasit gly important
factor in the ultimate prices of
consumers' goods. This fact is
reflected in the growing disparity
between prices of commodities in
the different stages of production
and distribution. The longer these
contrary movements persist, the

Utilities Hold Well

Utilities Hold Well

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Bond prices drifted irregularly lower to-day with a number of railroad and industrial liens failing to the year's lowest levels, although investment buying buoyed up the public utility list. Price fluctuations widened in contrast to the extremely narrow public utility list. Price fluctuations widened in contrast to the extremely narrow public utility list. Price fluctuations widened in contrast to the extremely narrow public utility list. Price fluctuations widened in contrast to the extremely narrow public utility list. Price fluctuations widened in contrast to the extremely narrow public utility list. Price fluctuations widened in contrast to the extremely narrow changes in stock trading.

Dissolution of the banking syndicate which offered the new Swiss government 5/8 last month brought heavy liquidation of these bonds and the price broke 3 points to 94 % as large blocks were thrown on the market. The \$30,000,000 lasue which was sold to provide funds for the purchase of 7 hain in this country was reported 4 fairly well distributed and today's movement was described as a natural adjustment.

The interest of investment circles was monopolized by the antiple of the provide of the purchase of five in the first provided funds for the purchase of 7 hain in this country was reported 4 fairly well distributed and today's movement was described as a natural adjustment.

The interest of investment circles was monopolized by the antiple of the first provided funds for the purchase of five in the first provided funds for the purchase of 7 hain in this country was reported 4 fairly well distributed and today's movement was described as a natural adjustment.

well distributed and today's movement was described as a natural adjustment.

The interest of investment circles was monopolized by the announcement that bankers tomorrow would offer \$35,000,000 Baltimore and Ohio Railroad 6 per cent refunding and general mortgage bonds, constituting the first step in a \$140,000,000 refunding program. The bonds will be priced at par. The keen demand for railroad issues mask three times oberaubscribed.

Conflicting price movements marked trading in several groups today. St. Payl Conv. obligations declined 2 to 3 points while other of the road's issues made moderate improvement. Losses of 1 to 4 points in Iowa Central 5s. Virginia Carolina 7½s. Cerro de Pasco Ss, Kelly Springfield 8s and the Wilson issues were partially offset by gains of 1 to 3 points in Wickwire Spencer 7s, New Orleans. Texas and Mexico income 5s, Erie Conv. 4s. Chicago Railway 5s and Polic Service of New Jersey Ss. Liberty bonds were steady. Fallswing are designs guistines as bank litter and the Wilson issues of the Service of New Jersey Ss. ## \$7,734,000 NEW ORLEANS, TEXAS & MEXICO RAILWAY COMPANY

("GULF COAST LINES")

#### First Mortgage Thirty-Year 51/2% Gold Bonds

SERIES "A"

Dated April 1, 1924

Interest payable April 1 and October 1

Due April 1, 1954

Redeemable in whole or in part on any interest date on or before April 1, 1944 at 105 and interest, the premium decreasing-1/2% for each year elapsed thereafter until maturity.

Interest to be payable without deduction for any Federal Income tax up to 2% per annum which the Company or the Trustee may be required to withhold. Pennsylvania Personal Property Tax of four mills refundable.

Coupon Bonds in denominations of \$1,000, \$500 and \$100. Bonds in the denomination of \$1,000 registerable as to principal. Total authorized issue limited to \$50,000,000 and shall not at any time exceed three times the outstanding capital stock. To be presently issued \$8,748,000 Series "A", of which not exceeding \$1,014,000 are to be deposited under an equipment trust agreement in lieu of pledged First Mortgage Bonds due 1925.

For information regarding the Company and this issue of Bonds we refer to a letter of Mr. J. S. Pyeatt, President

(copy of which should be obtained from the undersigned) some of the items of which he has briefly summarized as follows: SECURITY: The First Mortgage Bonds are to be secured in the opinion of counsel by direct first mortgage or by first lien through deposit of collateral (first mortgage bonds) on about 981 miles of railroad. Including \$13.500,000 5% Income Bonds, the total funded debt to be presently outstanding in the hands of the public, exclusive of equipment notes, will be at the rate of \$21,700 per mile of road owned. \$13,500,000 First Mortgage Bonds are to be reserved to exchange or refund at any time an equal face amount of Income Bonds due

The First Mortgage Bonds will also be secured by a first lien on equipment having a book value of \$7,606,700, subject as to part thereof as of May 1, 1924 to \$2,578,903 Equipment Trust Notes including

Consolidated balance sheet of December 31, 1923, shows net investment in road and equipment of Company and subsidiaries of \$38,338,668. To this should be added the investment in road and equipment of the Houston & Brazos Valley Railway, recently acquired, and other separately operated properties.

PURPOSE: Proceeds of this issue of \$7,734,000 First Mortgage 5½% Bonds are to be deposited, so far as necessary, with the Trustee under the old First Mortgage of the Company to provide for \$5,733,000 First Mortgage 6% Bonds due October 1, 1925, and to obtain the release of said First Mortgage; the balance of such proceeds are to be applied to reimburse in part the cost of acquisition of the securities of Houston & Brazos Valley Railway Company.

EARNINGS: For the seven years 1917 to 1923, inclusive, gross corporate income of the Company and its subsidiaries before deducting interest on funded debt averaged \$2,322,083 per annum, equivalent to over twice the annual average interest charges on funded debt including interest on outstanding Income Bonds. For the year ended December 31, 1923, gross income before deducting interest on funded debt amounted to \$3,406,456, or almost 3 times total interest charges on funded debt. Upon completion of present financing, maximum annual interest on funded debt, including Income Bonds and equipment notes, will be approximately \$1,200,000.

For the three months ended March 31, 1924, gross operating revenue increased 25% and gross income available for interest increased 42% over the corresponding period in the previous year. EQUITY: The \$15,000,000 outstanding Capital Stock of the Company at present quotations represents an equity of about \$16,500,000 junior to its funded debt. Dividends on the Capital Stock at the rate of 6% per annum were inaugurated in 1920 and were increased in March, 1923 to 7% per annum, which is the pres-

PROPERTY: The Company controls and operates a railway system of about 1,174 miles including direct operating connections under contract, known as the "Gulf Coast Lines," extending from New Orleans via Baton Rouge and Houston to Brownsville, Texas, where direct connection is made with the National Railways of Mexico. It is practically a water level line and is the shortest rail route from New Orleans to the Mexican border. The system serves a rich agricultural, mineral and lumber territory in the States of Louisiana and Texas and handles a well diversified freight traffic which furnishes about 76% of gross operating revenue.

It is expected that application will be made in due course to list these bonds on the New York Stock Exchange.

Interim receipts or temporary bonds will be deliverable in the first instance.

All offerings are made "when, as and if issued" and received by us and subject to approval of proceedings by our counsel.

#### Price 99 and Interest, to yield 5.57% to maturity

New Orleans, Texas & Mexico Railway Company First Mortgage 6% Gold Bonds due October 1, 1925 with all unmatured coupons attached will be accepted on a 41/2% yield basis in payment of, or in exchange for, bonds of this issue deliverable on confirmed allotments. This privilege is subject to withdrawal at any time.

## Consistent Earnings for 22 Years

WEBER SHOWCASE & FIXTURE COMPANY has been in successful operation in Los Angeles for twenty-two years. During this period it has grown from a small cabinet shop to the largest manufacturer and distrib-

Every year during the twenty-two, the Com-pany has shown satisfactory profits. Based on business for the first quarter of 1924, and contracts already on hand, net earnings for this year are estimated at over \$230,000, or approximately 5½ times annual interest requirements on the Company's First Mortgage Bonds.

Backed by this consistent earning record, the Company's First Mortgage 7% Sinking Fund Gold Bonds, due 1939, offer an exceptionally stable investment. They are priced at 991/2 and interest, to yield 7.05%, exempt from California Personal Property Tax.

Let us give you further details.

#### STATES BATTLE FOR SUPREMACY

New Plan Reflects Division of Foreign Trade

Texas Runs New York a Close Second for Honors

time in the history of government statistics, is now able to indicate in a general way the relative importance and standing of each State in the struggle for foreign

Formerly, official trade figure showed only the port from which shipments were cleared. Inland producers, anxious to find out what agricultural and manufac-tured exports came from their what agricultural and tured exports came from their regions, have petitioned the Commerce Department time and again to adopt some new system. While Director Klein points out that the present arrangement and records are not complete, they represent a start in the right direction, and it is believed will develop in time into one of the most interesting and valuable surveys of the mation's export development.

Pennsylvania, exporting iron and steel products, textiles, machinery and a multitude of miscellaneous manufactures, is third, followed by Illinois, whose export attack depends largely upon sales of pork and meat products, wheat and flour as well as miscellaneous manufactures.

New Jersey, with a balanced budget of all kinds of manufactured goods, stands fifth.

THEN COMES CALIFORNIA

THEN COMES CALIFORNIA

THEN COMES CALIFORNIA
The Far West comes next with
California, through which so much
Pacific trade flows.
Then the Far South, Louisiana,
is seventh because of its LatinAmerican trade activities.
Another Great Lakes State, Michigan is eighth.
Virginia, whose tobacco has been
smoked in every country of the
world since Powhatan taught
John Smith to use the pipe is
annth.
The products of Washington's

John Smith to use the pipe is annth.

The products of Washington's woods and waters—lumber and fish—help to put that State in tenth position.

"It must be remembered." Dr. Klein pointed out, "that the new records are in a very preliminary form. Staple agricultural products of the Mississippi Valley for example," he explained, "are frequently shipped to northern and eastern concentration points; they may change hands several times en route and lose their identity as to State of production before reach inc the seaboard. The same is true of many manufactured articles, orders for which have been placed by seaboard export houses." However, according to Director Klein, the new figures are sufficiently comprehensive to be of particular significance and value in a study of our export trade, a remarkable amount of which is shown to originate in the interior. Eleventh position in the list grees to Ohio, widely known as a nanufacturing State.

Massachusetts, manufacturing textiles, boots and shoes, machinery, etc., is tweith, followed by Oregon.

chinery, etc., is twentin, followed by Oregon.

North Carolina is fourteenth and Georgia fifteenth.

Wisconsin and Indiana come six-teenth and seventeenth.

Then the curve shifts east to Maryland, then west again to Mis-sourl.

Arkanaas is twentisth. Twenty-

Arkansas is twentieth. Twenty-first and twenty-second place be-longs to Dixie—Mississippi and Tennessee.

OFFICIAL LINE-UP e value of the exports from different States for the first months of 1924, as revealed e new arrangements, are:

Angeles Investment tumbled yes-terday on the Los Angeles Stock Exchange 12 % cents from the previous day. Initial transactions were 5 cents under the closing price of the preceding session, and the inrush of selling pressure pushed the price down to final quotations of 3.75%.

Trading in the oils was light and

California Sixth on List;

Official Line-up

Surprising as it may seem.
Texas is running New York a close Zsecond in the world series of States to capture the foreign trade pennant, according to Director Klein of the Bureau of Foreign and Domestic Commerce of the Department of Commerce.
Based primarily on through-bills of lading, which in the case of some States reflect but a part of their total foreign trade, and for others include goods produced elsewhere, Dr. Klein, for the first time in the history of government.

Trading in the clis was light and the price tendency was inclined toward the beariah side. Union of California deligned and consultates, the holding company, went in the epposite direction and closed up 1-4 at 53 1-4. Standard Oil of California declined 3-4 of a point to 56 1-4 and U.B. Royalties was firm at 13 cents. Julian Petroleum preferred sold up 1-8 to 24 5-4.

Richmond Consolidated held its position as the leader of the ming group, selling around 18½ cents. Telluride was traded in at 15½. United American at 5½ and Silversmith at 44 cents.

Following are the closing prices and sales:

K U S W H

BY HOWARD C. EEGLEY

Oil field operations reported to State Oil and Gas Supervisor R. D. Bush during the week ending May 24 show forty-nine new wells started, as compared with twenty-six during the previous week. This is the largest number of notices for new wells received in any week since March 17, 1923, and brings the total new wells for this year to 653, as compared with 650 at the same date last year.

Of the forty-nine notices to drill new wells filed this week, aix-teen were for wells in the fields of Kern county, the largest number for any week since September 3, 1921. Of the remaining thirty-three nofices, nineteen were for wells in the Torrance field, four in Huntington Beach field, one in Santa Fe Springs field, one in Los Angeles county, and two in Ventura county.

Tests for water shut-offs this

geles county, and two in Yentura county.

Tests for water shut-offs this week numbered twenty-seven, as compared with twenty-eight during the previous week. Yearly total to date \$485; total to same date last year \$20.

Deepening or redrilling jobs this week numbered twenty, as compared with sixteen during the preceding week. Total to date this year \$24; total to same date last year \$21.

Abandonments this week numbered nine, as compared with eight during the preceding week. Total to date this year \$26; total to same date last year 106.

To Test Lois Well

To Test Lois Well

To Test Lois Well

A production test in the Lois well south of Porterville is to be made at once. A derrick will be erected over theold hole, where oil was first discovered and which was abandoned on account of sand and water troubles.

Officials of the Holly Development Company are confident that they can now overcome sand trouble and the oil well may be brought in as soon as the water is shut off. Drilling will be resumed on the new well and an effort made to bring both wens in together.

The Marland Company, which recently took over a large lease in Kern county and has a refinery walting for oil, is reported to have taken over the Baker well west of Strathmore and to be prepared to resume drilling as soon as quarantine restrictions in that vicinity are lifted.

Gas Plant Starts

The Shell Company has placed its gas absorption plant in the Dominguez field in operation, and is manufacturing about 4006 gailons of gasoline per day, according to officials of the company. The plant was completed about two weeks aso, and is said to have a capacity of about 20,000,000 cubic feet of gas.

The Shell is getting wet gas from only one of its own wells in the Dominguez field, the Reyes No. 1 being the company's only producer. This well is said to be making about 3,000,000 feet per day, and the Shell is buying additional gas from the Union Oil Company to operate its plant, it is said. The recovery is said to average about one gallon of gasoline to 1000 feet of gas, although the actual gasoline content of the gas in the Dominguez field is said to average considerably more than this.

The Shell plant is the second to be put into operation in the Dominguez field. The first was started by the Western Gasoline and Refining Company several months ago with a daily capacity of \$,000.

agy & Co. The Biltmore Off Company will uspend the pumping test in its rell in the Torrance field, and for he present the hole will be allowed stand idle, according to officials

of the company.

The well was completed several months ago, but went off production almost immediately, and failed to respond to continued efforts to bring it in again. The Biltmore corporation owns other holdings in the Torrance field, but it is doubtful if it will drill them at pressible again.

ent, officials assert.

United States Royalties Fishing
The United States Royalties
Company is fishing in its well in
the Rosecrans field, officials of the
company report. The well is down
3873 feet, within fifty feet of the
depth where the Union Oil Company found the sand in its Rosecrans No. 1. The well has been
cored carefully, it is asserted, but
a drill collar was dropped a few
days ago, and it is estimated that
several days may be required to
extract it. The Section 1988 A.Se Section 1988 A.S. Section

Past 5000 Feet Past 5000 Feet

The Carson wildcat well which
is being drilled by the Shell Company near its Virginia Country
Club property northwest of the
Signal Hill field is drilling at 5062
feet. According to officials of the
company, no worth-while showings
have been found in the well.

STICK IN SURF

AND TELLS 'EM New York City, New York.
April 2, 1924. April 2, 1924.

Mr. S. E. Strong:
Dear Sir: As a surf fisherman I can highly recommend your "Noburn" to anyone of the boys who swing the big stick. For windburn and sunburn it has no equal. It's the goods, boys. Wishing you luck,

Just a few drops of "Noburn" it, Main 1534, and then arrange with us for a visit to the buildings, you are sunburn proof. You get the tan, but not the burn. An invisible, odorless, harmless liquid, quickly applied, easily washed off.

Made and guaranteed by Strong Cobb Co. of Cleveland, who have been in business for ninety years. "Noburn" sold at all good drug stores.—[Advertisement.

OF THE DEAD Made Beautiful As Well As Eco-nomical Under the Methods of the California Mauso-leum Co.

The current Western custom of burying the bodies of our departed dead is far from Nature's method. air, by dessication, evaporation and gradual attrition. The ancients knew this—hence their custom of entombing their honored dead where the bodies would be inviolate, and yet could fade gradually away under kind Nature's subtle chemistry. themistry.
The age-old, reverent and sanitary

[EXCLUSIVE DISPATCH]

PHOENIX, May 28.—Hi McDonald of Phoenix, 78 years of age,
is believed the oldest peace officer
in Arizona. For fifty years he was
a Weils Fargo guard, deputy United States marshal, deputy sheriff
and latterly a captain of Phoenix
police. A few years ago he was retired on a pension, though still
active.

HE SWINGS BIG

The age-old, reverent and sanitary
method of the Orient has been
adapted to modern conditions in
the beautiful "Chaste Temples,"
erected in Hollywood and Inglewood by the California Mausoleum
Company. Here the mortal garments of the deceased are gently
placed in dry, ventilated crypts
of reinforced concrete faced with
marble—sealed forever against disturbance, yet graced with surroundturbance, yet graced with surroundings so beautiful and dignified that ings so beautiful and dignified that the solemnity of death is not un-settled in the minds and hearts of the most sensitive. Indeed there is the peace and atmosphere of an old-world cathedral in these Mauso-leums, modified by the fresh, sweet wholesomeness of perfect ventila-tion and the cheer of California sunshine slanting across stained glass windows. These are places

to be visited if one would realize and understand.

Our booklet will give some idea of buildings and methods and show PHILIP LERCH, JR., harter Member, Anglers' Conservation Association of New York and Vicinity.

Our Books and methods and snow of buildings and methods and snow why Mausoleum entombment is little more expensive than ordinary ground burial. Telephone for it, MAin 1534, and then arrange with us for a visit to the buildings.

Roofless plates are made with Ana-tomical teeth that wear forever. ROOFLESS FLATES GIVE SATIS-FACTION. THE PRICE IS REASON-BLE. Plates—as low as \$10.00 Cruwn and Bridge Work— us low as \$0.00 Pillings—as low as \$0.00

#### VIADUCT HEARING DELAYED MEMORIAL FETE TO SET RECORD

State Rail Commission Will Consider on June 26 Problem of Harbor Road Connections

The California Railroad Commission has postponed until June 26 its hearing on the proposal to elevate Anaheim Road in the Wilming-Dry Year Adds to Dangers; ton district on a viaduct at Dominguez Creek under which the railroad tracks for the roads entering the outer harbor district would be laid and thus a grade crossing eliminated. The expense of carrying through the viaduct plan is estimated at \$535,000.

through the viaduct plan is estimated at \$535,000.

As authorized by direct vote of the people last year to extend its line to the harbor, the Santa Fe Railroad has spent \$2,000,000 in building its line from El Segundo to the Wilmington district, but so far has been unable to reach the outer harbor due to the controversy over the Anaheim Road crossing. One proposition to be discussed at the Railroad Commission's hearing is to give the Santa Fe a temporary permit to cross Anaheim Road while the viaduct is being built.

Councilman Robert M. Allen, chairman of the City Council's the problem.

Which shows that an author is the worst judge of his own work. Of all novels ever written in America this is probably the one most certain of immortality.

Trying to tell the story of the writing of "Ramona" is like trying to tell the story of Custer's battle. Every old-timer will rise up with a scream of profest and tell me I am wrong. So that's why I say I am taking my life in my hand. wrong. So that's why I say I am taking my life in my hands. But, anyhow, the pageant at Hemet will be none the less beauti-ful or moving.

crisp singham, soft chiffons and
brilliant-hued sweaters. All this
array of femininity was entertained yosterday by Stuart Watson, baritone, accompanied by
gray Edyth Petsch and Joseph Smith,
planist. It was a great relief to
hear Mr. Watson sing entirely an
chosen with fine discrimination.
The numbers were: "Where'er
You Walk," by Handel; "Within
the Garden of My Heart' by Alicia
Scott; "Duna," by Josephine MoGill, and "Macushia," by Dermot
MacMurrough.
Joseph Smith displayed a facile
technique and an unspoiled absorption in his work which adde
much to the enjoyment of his
listeners.
Genial Fred C, McNabb of the
Aggeler & Musser Seed Company
again gave friendly advice to the
guardians of his countless radio
gardens—and sent them scurrying
out into the sunshine to weed and
prune and irrigate with renewed
vigor.
To stand in front of the microphone and feel the glow of inspiration which comes from contact
with the invisible audience of arden young minds at the children's
hour seems to be an especial jor

## FOR FAMILY IS SETTLED

No Exemption for Mother With Income Less Than Return Figure

ax problem originating in the outhern California district is contained in a report of the Income Tax Board of Appeals received by the revenue collector. The ques-tion related to the credit of \$800 on two dependent children in a family being supported by three persons. The family consists of persons. The family consists of the mother, father, two minor sons, a single daughter and a mar-

the mother, father, two minor sons, a single daughter and a married daughter with her husband. All live in one house which is being purchased by the two daughters and the son-in-law.

The two daughters filed income returns in which each claimed credit of \$400 on account of one of the minor sons. The Board of Appeals held the mother to be the only person entitled to the \$800 credit for the two boys inasmuch as she supports them out of money earned by her in supplying board for the two daughters and the son-in-law. The Board of Appeals holds further that the dependency of the minor sons is not altered by the fact that the mother does not earn enough to require her to file

the fact that the mother does not earn enough to require her to file an income return.

Because the mother's total income consists of the board paid by three individuals who happen to be members of her family it cannot be eaid these three individuals contribute directly to the support of the minor members of the family, the decision says.

#### HELD AS VAGRANT AND ACCUSED OF ROBBERY

Earl V. Grace, alias James Keenan, declared to have a long police record, was identified yesterday, according to police, as an oil station bandit. Officers said C. H. Walton pointed him out as a man who robbed him Sunday at 1015 West Washington street. Grace was before Police Judge Richardson on a vagrancy charge when Officers Ayers and Holser said they recognized him as a man who had been sent to Patton following arrest for burglary, and had escaped from that institution. Grace was held on suspicion of robbery.

TEXAS GIRL ENDS HIKE Hiking by day and writing by night are the pocket-edition story of high are the pocket-earthin attry of the forty-two-day trip of Miss Nellie Marian Bond from Port Arthur, Tex., to Los Angeles. When the trip was completed she had tucked in her memory many thrilling experiences, and in her knapsack a completed novel which she had written en routs.

## Tune in With Us Sunday Night

N appreciation of the greatest invention of the twentieth century, the Hellman Bank will broadcast a program at K.H.J., the Times Studio, Sunday night, June first, from 8:00 until 10:00 o'clock.

We are especially grateful that by radio we can reach thousands of shut-ins who are denied the ordinary pleasures which the rest of us so freely enjoy, and it our sincere wish that to all who listen in on our Appreciation Program it will bring as much pleasure as it does to us in presenting it.

The program will consist of:

#### THE LOS ANGELES TRIO

Calman Luboviski-Violin. Ilya Bronson-Cello May MacDonald Hope-Piano The finest musical organization of its kind on the Pacific Coast.

## BERKMAN BROTHERS HAWAIIAN QUARTETTE

With a message to Honolulu.

#### THE ORPHEUS FOUR

One of the finest male quartettes on the American continent.

JANE HUGHES AND HOMER ASCHMANN Internationally known juveniles of the screen and air.

> UNCLE REMUS of Southern Patter and

UNCLE JOHN, the Voice of KHJ.

If you enjoy our Appreciation Program. won't you drop us a line and tell us of your appreciation?

THIRTY BRANCHES

Jos Angeles (imes

LOS ANGELES (Loce Ahng-hayl-ais) MEMBER OF THE ASSOCIATED PRESS

The average pay of Presbyterian preachers is \$2584, which is much more than the pastor used to draw in ancient days. Now the church is creating a pension system by which ciergymen may retire at 65 and draw half their average salary for the rest of their days. At last they

ON THE WHARF

There are said to be some 6000 Japanese ready to sail for this country and most of them expect to be admitted before the Exclusion Act goes into force. The Japa may grieve over the measure which bars them from residency, but they are not expecting to quarrel about it. We have sought to be fair and considerate and act only within our rights.

MAKE IT UNANIMOUS

The Presbyterian general assembly adopts a resolution heartily appreving the idea of a high tribunal of international function and a formula for world arbitration. Action was taken at the instance of William Jennings Bryan, who is assistant moderator of the body. Most of the chinches and women's crapitations approve the

church conference demands the full con-scription of capital and labor as a corollary to any future conscription of human life in time of war. The church denounces all war, but if there is any embreilment of nations the conscription must include prop-erty as well as lives. Never again must It be said that the men on the battle front were dying for \$1 a day while those on the home front were striking for \$16 a day—and a seven-hour day, at that. That is the position taken by the Methodist Church. While it may sound like the rhetoricals of a pacifist, it will be approved in substance by thousands outside of the church.

THE TIMES-MIRROR COMPANY O When the Associated

the Middle West newspapers the announcement that a quarantine had been placed on certain California products on account of the appearance in some sections of the foot-and-mouth disease the incident was

foot-and-mouth disease the incident was made the occasion of a general tirade of misrepresentation. It was the long-awaited opportunity to stop the drift of population to Southern California.

The quarantine was the pretext, but the real cause was envy. Middle West communities were losing population. The number of their residents who were moving to Los Angeles was sufficient to cause alarm, which was heightened by the fact that many which was heightened by the fact that many of them became in a few years shamelessly rich. The prosperity of Southern California had become proverbial.

Then came the report of the quarantine. The biggest type in the composing room was drafted for active service. A banner line shricking disaster was flung across the top of the front page. It was a choice topic for the leading editorial. Grapevine telegrams carrying a Los Angeles date line warrs written in the office and writed on were written in the office and printed on the first page. They were not squeamis's about the selection of a handle for the hammer they used to knock Los Angeles.

Their efforts were futile; for the tide of

The Times alms at all times to be accurate to trary published statement of fact. Readers whe discover any important inaccuracy of statement will confer a favor by calling attention of the Editorial Department to the serve.

On the Warpath On Illinois patent-medicine man, has been made chairman of the La Foliette Presidential Campaign Committee. The selection of a medicine man indicates the character of the La Foliette warfare. It is to haracter of the La Foliette warfare. It is along Indian lines and may fall into a scalping.

Califfic Servants

The warse pay of Presbyterian preachers is \$2584, which is much more than the pastor used to draw in ancient days. Now the church is creating a pension system by which ciergymen may re-

carrying high voltage power wires. Life was not safe in the suburbs. After they had inflicted their damage they turned into butterflies and soured away.

The truth is that the foliage of Los An-

in three Western States, Arizons, Nevada litical, national, religious or territorial, and New Mexico. And he added that the in three Western States, Arizona, Nevada and New Mexico. And he added that the greatest overcr. wding was in the hospitals. Both these facts are indisputable, for the correspondent was a true sophist. To one who does not know that the population of the city of Los Angeles alone is about 300. 000 greater than that of the three States combined his argument appears conclusive. Against the unimpeded prosperity of Los Angeles such charges flatten like a builted fired against a rock. Overland trains are carrying more passengers to Los Angeles than during the same period a year ago. Bank clearings for April were \$844,000,000, manitarianism.

and geographical location alone that have made Los Angeles great. It is the class of our citizens; and that class is constantly recruited from the very communities where the newspapers are railing at our prosperity, the newspapers are railing at our prosperity.

CERMAN CULTURE AGAIN

Prof. Kleine and Dr. Fisher of Berlin Congress. A Boston paper held a straw

worthy of a place in the humanitarian records of the world's great benefactors. A late dispatch attributes to them the achieve-ment of having discovered a cure for that

"The Open Door"

The truth is that the foliage of Los Angeles and the flowers have not been so georgeous in a generation, due to the unsual amount of late rain. There has been no plague of caterpiliars or any other insect. The "city beautiful" was never more colorful and radiant. Yet this figment of an imagination was reproduced in more than a score of newspapers.

Another jealous spirit turned his attention to knocking the climate. He found it fatal to Middle West constitutions. People did here earlier and "oftener" than elsewhere. He probably meant to convey the interment or reincarnation.

How do you suppose he proceeded to prove his case? He quoted statistics to show that nearly as many people died in the city of Los Angeles alone last year as in three Western States, Arizona, Nevads and New Morice And he added that the control of the several in the est tube as Kalland and a warning.

Shaking the serum in the test tube as Kalland a warning.

Shaking the serum in the test tube as Kalland a warning.

Shaking the serum in the test tube as Kalland a warning.

Shaking the serum in the test tube as Kalland a warning.

At this moment, however, the man in the street sees faw of these hazards before the colonial termination of Calvin Coolidge assured and he notes that the reconstinct we will lock away our healing would be no justification for a third-party movement in the ranks. The fact that there are 7,000,000 more Republicans than Democrats in the country would further a dispose of any tangible claims the Democrats being mighty careful in the selection of their Vice-Presidential nomines, but if they do so in the expectation of his ultimate I withholding the successful conclusion of any experiment from the world at large for any consideration whatsoever—financial, point the close of the mighty will little warning.

At this moment, however, the man in the street sees faw of these hazards before the colonial termination of closing assured and he notes that the reconstitution of the resident statistics to indicate the might will like

#### Breakfast toast made at the table—delicately browned and deliciously hot!

IT'S THE toast that makes a perfect breakfast. With a Manning-Bowman Reversible-Door Toaster, you can have it just as you like it. Give the knob a twist, and the toast flips over. No need to touch the toast, no burned fingers! Toasted at the table, it is always deliciously hot.

The Manning-Bowman Reversible-Door Toaster is extra large-it takes a full slice of bread without trimming. It toasts quicker because it has a larger heating element. It toasts evenly and toasts to a delicate brown without drying-out the bread.

You can see this toaster, with other Manning-Bowman electric devices, at hardware and department stores, electric shops, jewelry and gift shops. The toaster is \$8.00. MANNING, BOWMAN & CO.

## MEYER FACES NEW CHARGE RIVER PROJECT SEAPLANES TO WING NORTH

Suspended Policeman Driver of Liquor-Laden Car, Barstow Authorities Assert

Suspended Tuesday by Capt. White of the Lincoln Heights sta-tion for striking an aged man in an argument over the parking of an automobile, Patrolman Christopher Meyer was arrested by authorities at Barstow later that night with two other men on a liquor charge, it was learned here yesterday.

copiously that he couldn't find a policeman. He had, in the meantime, acquired a pair of blue overalls of which one leg was curtailed at the knee.

Fours men had entered his bedroom. Otero told the officers, wrapped a sheet about his head while he slept, removed from his person a money belt containing 1195 and severely slashed the back of his neck with a knife.

He was certain that he knew who his assailants were and led the officers in the search. One man, who Otero declared, was one of the quartet, finally was arrested on suspicion of robbery and later released, after he had established an alibi. ance was not received until today.

Dr. Vosburgh has been paster
at the First Baptist Church of
Watertown, N. T., for the last
three and a half years and previously held leading pulpits in
Baptist denominations in the East
and West. He is well known in
California, for ten years having
been the paster of the First Baptist Church of Oakland. He is
about 60 years of age.

His desire to have his family together with him in Southern California is believed to have been
one of the influences leading to
his coming to Huntington Park.

CUSTOM OF CHILDHOOD DAYS IN RUSSIA

TOWEL, BREAD, SALT

the California Small Homes Ex-A quaint old Russian custom of greeting the incoming visitor with a towel, a loaf of bread and a shaker of salt, was revived yesterday when David Pesetski, Russian pianist, was met at the Santa Fe depot by Medea Radsina, a playmate of his youth in Russia. Since their childhood days of twenty years ago, the girl has become a Hollywood film celebrity and the boy a figure in the world pecial preview conducted for a

special preview conducted for a group of prominent Los Angeles citizens at City Terrace. An elaborate program of musical and other entertainment was provided including talks by several city officials.

Much interest has been aroused in the coming axhibit, which will be open to the public next Sunday, because eleven model homes are on display costing less than \$3500. Special interior decorations have been placed on exhibit under the direction of a local department store.

The exhibit will be open for inspection for eight weeks and will be free to the public. Pesetzki is making a transcontinental tour and wired his youthful sweetheart from the Grand Canyon, that he would arrive on yesterday's limited. With a party of her friends she was at the depot to meet him and, to revive memories of their sarly days in Russia, brought the customary loaf of bread, hand embroidered towel and salt shaker.

Mile. Radzina will take Pesetzki en a personally conducted tour of the Hollywood and Culver City studios during the next few days for his engagement at the California Theater, where he appears with the Duc-Art fantasy, "Sonia's Song," does not start until Saturday.

An Institution Built Upon the Conviction that Dental Service Should Keep Pace With Modern Progress

IEREVER the E.R. Parker System operates, dentistry is no longer a luxury for the few-but a scientific and economical service for all. The cost is lowered—the benefits multiplied.

From the Parker offices have come many advanced methods of technique in painless dental operations. Here too, have numerous mechanical ingenuities been developed that make possible the closer approach to dental perfection.

In twenty-six cities throughout the West

skilled dentists and nurses using the E. R. Parker System now devote their efforts toward thorough, painless dental service. It is a service rendered in the minimum time and at the lowest cost consistent with first class workmanship.

Up to date business management governs the conduct of the E. R. Parker System. As new developments in dentistry are proved of practical value they are put into operation in all the Parker offices, thus keeping the system always in step with the world. The Parker Shield identifies progressive dentistry.

This service is rendered in Los Angeles by two groups of registered dentists and qualified nurses using the
